

# P-6 MATHEMATICS SPECIALIST ENDORSEMENT

## About the Program:

The P-6 Mathematics Specialist Endorsement at The Ohio State University is a graduate-level endorsement. Students seeking the endorsement are required by state mandate to hold a standard teaching certificate or license. When all requirements have been completed, the mathematics endorsement will be attached to a valid Ohio teaching license or certificate. ***A P-6 Mathematics Specialist Endorsement cannot be added to a substitute or temporary license.***

Students seeking this Mathematics Endorsement must have completed **three** years of successful classroom teaching in mathematics at any level K-12 and will complete required courses to satisfy the following Standards:

1. Mathematical Content Knowledge and Knowledge of Curriculum
2. Knowing Students as Learners of Mathematics
3. Instructional Strategies and the Use of Materials and Technology
4. Assessment, Diagnosis, and Evaluation
5. Research for the Teaching and Learning of Mathematics
6. Professional Development

## To Enroll:

Call 740-366-9333 to schedule an appointment to meet with an advisor on the Newark campus. You **MUST** bring with you a copy of your transcripts and a copy of your current teaching license.

You will enroll in the P-6 Mathematics Specialist Endorsement during this meeting. We will discuss which courses to take and how to register for classes, activating your Ohio State University e-mail account, parking on campus and the endorsement process.

Newark Advising  
Founders Hall  
1179 University Drive  
Newark, OH 43055

## Required coursework:

Successfully complete the following courses and final project:

- Ed T&L 711.02: Number and Algebra
- Ed T&L 711.03: Geometry and Measurement
- Ed T&L 711.04: Data Analysis and Probability
- Ed T&L 721: Learning Theory
- Ed T&L 812: Teaching Mathematics
- Ed T&L 874: Classroom-Based Inquiry
- Ed T&L 714: Professional Development\*

\*Admission to Ed T&L 714 is based on permission of the instructor. This will be the final course in the Mathematics Endorsement.

Because there is no PRAXIS test for the P-6 Mathematics Specialist, applicants must complete a **final project for evaluation purposes**. Your final project will be submitted electronically, and the details for this final project will be given during Ed T&L 714. However, you should become familiar with creating hyperlinks and keep ALL of your project work from your prior endorsement courses, saved in electronic format and archived for this final project.

To get credit towards the P-6 Mathematics Specialist Endorsement by taking courses at other universities, you will need to demonstrate that the course syllabus contains the content required to meet the endorsement standards. Be prepared to make the case for specific competencies, and use data (syllabi and work product from courses) to demonstrate the appropriateness for the substitution.

At the conclusion of your coursework and final project, you will need to contact:

Diana Erchick  
[Erchick.1@osu.edu](mailto:Erchick.1@osu.edu)

If you have any questions, please contact Karen Probst at 740-366-9333.

**P-6 Mathematics Specialist Endorsement Enrollment Form**

Name: \_\_\_\_\_ Student ID#: \_\_\_\_\_  
*(if you have previously attended OSU)*

Address: \_\_\_\_\_  
\_\_\_\_\_

Phone Number: \_\_\_\_\_ Date of Birth: \_\_\_\_\_

E-mail Address: \_\_\_\_\_

Gender:  Male  Female Native Language: \_\_\_\_\_

Please Check the Appropriate Category:

American Indian or Alaskan native       Asian American or Pacific Islander  
 Black, non-Hispanic                               Hispanic  
 White, non-Hispanic                               Non-U.S. citizen

Check all degrees earned:  Bachelor's  Master's  Doctoral

Do you hold/have you ever held a standard Ohio teaching license or certificate?  Yes  No

Licensure Area(s)? \_\_\_\_\_ Date of Expiration: \_\_\_\_\_

Are You a Practicing Teacher?  Yes  No

If so, indicate School and District: \_\_\_\_\_

Work Address: \_\_\_\_\_  
\_\_\_\_\_ Work Phone Number: \_\_\_\_\_

Are you currently working on a Master of Arts degree in Teaching and Learning?  Yes  No

Current Degree/Program Area: \_\_\_\_\_

Name of Advisor: \_\_\_\_\_

I have read and understand the directions for obtaining a P-6 Mathematics Specialist Endorsement.
