A Rich History
A true community effort, Ohio State Newark was founded in 1957. Community members gathered to paint, build, and carry furniture into a remodeled barn, the campuses’ temporary first home. The first classes took place in the evenings at Newark High School with 80 students and eight faculty members.

By 1960, 46 scholarships worth $12,000 were awarded to students. In 1966, seven thousand Licking County residents pledged over $1 million toward the cost of land and construction of the first campus building. In 2010, local philanthropists J. Gilbert and Louella Reese challenged the community by matching all gifts up to $10 million; by the campaign’s conclusion in 2012, nearly $21 million had been raised for the Next Generation Challenge, which provides scholarships.

Today, the campus features ten buildings, including a gymnasium and one residence hall. The John L. and Christine Warner Library & Student Center opened in autumn 2008.
First Year Experience (FYE)
