One of our students placed first at the 2015 Denman undergraduate research forum, held annually for all Ohio State students.

A Rich History
A true community effort, Ohio State Newark was founded in 1957. Community members gathered to paint, build and carry furniture into a remodeled barn, the campus’ temporary first home. The first classes took place in the evenings at Newark High School with 80 students and eight faculty members.

By 1960, 46 scholarships worth $12,000 were awarded to students. In 1966, seven thousand Licking county residents pledged over $1 million toward the cost of land and construction of the first campus building. In 2010, local philanthropists J. Gilbert and Louella Reese challenged the community by matching all gifts up to $10 million; by the campaign’s conclusion in 2012, nearly $21 million had been raised for the Next Generation Challenge, which provides scholarships.

Today, the campus features nine buildings, including a gymnasium and one residence hall. The John L. and Christine Warner Library & Student Center opened in autumn 2008.

Education Abroad
Education abroad programming allows students to engage in cross-cultural interactions and enjoy a rewarding education experience while in another country. Each year Ohio State Newark sponsors two or three trips exclusively for Newark campus students. Scholarships are available to students accepted into study abroad classes to make them more affordable.

Tuition
Our tuition is among the lowest of Ohio public four-year colleges. It is approximately thirty percent less than the tuition at Ohio State's Columbus campus due to a state mandate and fewer student fees. A full-time student that resides in Ohio and does not exceed 18 credit hours per semester can expect the following fees:
